CompTIA Tech+

Program: CompTIA Tech+ | **Instructor:** Tony Diaz | **Internet:** www.itcyber.tech | **Email:** tonydiaz@itcyber.tech
Format: Live, Instructor-Led + Hands-On Practice (Via Zoom) | **Tuition Cost:** \$450 | **Certification Cost:** \$130
Schedule: 5-26 June (Fridays) | 6:00–9:00pm (Eastern Time) | 3:00–6:00pm (Pacific Time) | 2:00–5:00pm (Alaska Time)
Duration: 4 Sessions | **Time Commitment:** In Class: 3 hours per week | Practice & Labs: 1 – 2 hours per week

Overview

The CompTIA Tech+ course is an entry-level technology training program designed to introduce students to the fundamentals of Information Technology (IT). The course provides hands-on learning experiences that prepare students for today's digital workplace and builds a foundation for future IT and cybersecurity certifications.

What You'll Learn

IT Fundamentals

- ★ Understanding computer hardware and software
- ★ Operating systems and basic troubleshooting
- ★ File management and system navigation
- ★ Technology concepts and terminology

Networking Basics

- ★ Internet and network fundamentals
- ★ Wi-Fi and connectivity concepts
- ★ Cloud computing basics & Safe internet usage

Cybersecurity Awareness

- ★ Password security, authentication & Cybersecurity
- ★ Online safety and privacy & Malware and phishing

Software & Applications

- ★ Productivity software fundamentals
- ★ Microsoft Office & Web browsers and online tools
- ★ Collaboration and communication platforms

Emerging Technologies

- ★ Artificial Intelligence (AI) & Data and databases
- ★ Automation and digital transformation
- ★ Technology in business and society

Course Modules: Tech+ (V6) exam objectives

- ★ Tech concepts and terminology (13%)
- ★ Infrastructure (24%)
- ★ Applications and software (18%)
- ★ Software development concepts (13%)
- ★ Data and database fundamentals (13%)
- ★ Security (19%)

Technology Requirements

- ★ Windows PC (recommended, Windows 10/11)
- ★ 4 GB RAM minimum (8 GB recommended)
- ★ Reliable internet connection
- ★ Email account (Outlook or similar)
- ★ USB drive or cloud storage

Course Goal

The goal of the CompTIA Tech+ program is to provide students with the confidence, knowledge, and practical technical skills needed to succeed in modern digital environments and continue advancing in the technology field.

Who Is This Course For

- ★ Career transition students
- ★ Adults returning to school or the workforce
- ★ Anyone looking to improve digital skills

Assessment & Success

- ★ Hands-on assignments and exercises
- ★ Active participation and attendance

Learning Delivery Methods

- ★ Self-pace, Instructor lead or One on One
